

XR Ethics Checksheet

A task sheet for XR Creators to work through several times and internalise.

Evaluation criteria	Stage
What should people be told about what they will experience? What images and sounds should we preview?	Pre-XR
What warnings should we give?	Pre-XR
What medical checks are important? (Vertigo, photosensitive epilepsy, etc.)	Pre-XR
Should we explain informed consent?	Pre-XR
What expectations should we expect of them? Code of Conduct?	Pre-XR
What's the first thing that they should see?	In Transition
Should we have a waiting room to ease them in?	In Transition
What if they have an adverse reaction immediately? sick? frightened? anxious?	In Transition
Should we ask them to fill in a Terms and Conditions?	In Transition
What security concerns exist within XR?	In XR
What privacy concerns exist within XR?	In XR
What accessibility concerns exist within XR?	In XR
What's the last thing that they should see?	Out Transition
Should we remind them that any supernatural abilities that they had in XR won't work once they leave?	Out Transition
Should they have to go into the waiting room that will take away any supernatural powers they had?	Out Transition
What security concerns may be created because of XR?	Post-XR
What is the potential for addiction?	Post-XR
What long-term effects of XR emerge?	Post-XR
Has a DPIA been conducted?	Post-XR
